### From Abu Dhabi

From Al Salam Street, continue towards Abu Dhabi International Airport (and Dubai) along 8th Street and Cornich Al Qurm Street.  
Carry on straight along this road, which is signposted to Mussafah after the outskirts of Abu Dhabi, ignoring all right-hand branch roads.  
You will see a very large mosque on the right.  
Shortly after, there is a sharp curve and you join a main trunk road over Mussafah - Al Ain Bridge.  
Continue straight along this road, past the police post and filling station, then bear right, following the signs to Mussafah.  
At the first set of traffic lights turn right. This takes you into the Industrial Estate. After about 3 km along this road, and having gone straight across four roundabouts, the Fugro GEOS office is on the right hand side.
